Salt Lake City School District provides all students with equal access to its programs. Parents should indicate on the online application or notify the school's principal if they would like to request reasonable modifications in order for their student with a disability to meet the after school criteria. The parents, principal, site coordinator, & special education liaison will determine the reasonable modification(s) that will be provided for the student to allow him/her to participate in the program. However, modifications may not fundamentally alter the nature of the program, service, or activity. Complaints about any aspect of the after school program should be directed to the after school coordinator at the school. If there is a problem that can't be solved with the coordinator, please contact the Community Education Supervisor, Kim Knottles, at 801-578-8236, or the Chief Academic Officer, Barbara Kuehl, at 801-578-8302.
